

JOY TRUE PROFILE

Next-Generation Automated Workforce & Vendor Verification Platform

Sub-45-Second Direct Government Verification • 100% Tamper-Proof • Frictionless Digital Trust

⚡ Sub-45-Sec Speed

🔒 100% DPDP 2023 & ISO

🏛️ Direct Govt APIs

📄 Tamper-Proof Cert ID

JOY CORPORATE SOLUTIONS PRIVATE LIMITED • ENTERPRISE ARCHITECTURE DECK 2026

The Problem: The Hidden Crisis in Manual Verification

Painful Delays (2-3 Weeks)

- **Slow Turnaround:** Traditional manual checks take 14 to 21 business days.
- **Lost Candidates:** Over 35% of top candidates drop off while waiting for clearance.
- **Recruiter Burden:** HR spends endless hours manually chasing documents.

Fake & Altered Documents

- **Counterfeit Papers:** High rate of forged experience letters and marksheets.
- **Undetected Moonlighting:** Dual employment goes completely unnoticed in manual review.
- **Visual Check Failure:** Human eyes cannot detect digitally edited PDF documents.

High Cost & Paperwork

- **Expensive Agencies:** High per-candidate fees paid to manual agency vendors.
- **Heavy Physical Load:** Printing, scanning, physical filing, and courier expenses.
- **Zero Real-Time Tracking:** Recruiters cannot see live progress of ongoing verifications.

Severe Compliance Risks

- **Contractor Violations:** Unverified third-party vendor labor risks heavy CLRA fines.
- **Data Privacy Breach:** Handling unencrypted physical documents violates DPDP Act 2023.
- **Legal Liability:** Lack of cryptographic audit trail leaves enterprise exposed.

 **Critical Industry Bottleneck:** Manual verification wastes up to 70% of HR recruiter time on manual document follow-ups, physical phone calls, and error-prone checks — directly causing hiring drop-offs and compliance risks.

JOY TRUE PROFILE: The Modern Automated Solution

💡 NEXT-GEN AUTOMATED VERIFICATION ENGINE

- ✓ **Direct Government API Link:** Directly linked to UIDAI, NSDL, EPFO, DigiLocker, and Court registries for sub-45-second live checks.
- ✓ **Frictionless WhatsApp Magic Links:** Candidates receive automated WhatsApp invitation links with 4-digit security PINs for easy smartphone onboarding.
- ✓ **AI Face Liveness & Anti-Spoofing:** 3D cranial depth scanning compares candidate's live camera selfie with their official government ID photo in real time.
- ✓ **1-Click Master Dossier PDF:** Automatically generates court-admissible PDF verification dossiers stamped with QR codes and immutable Certificate IDs.

🌐 5 DEDICATED ROLE-BASED PORTALS

- **1. Super Admin Console:** Platform governance, client contract management, live API latency telemetry, and metered billing.
- **2. Company Admin Portal:** Corporate HQ hub for managing HR team quotas, postpaid 18% GST invoices, and vendor compliance.
- **3. HR Executive Workstation:** Recruiter pipeline with single & 500+ Excel bulk import, live status board, and 1-click dossier download.
- **4. Candidate Mobile Portal:** Frictionless mobile web app with PIN security, Aadhaar OTP e-KYC, and live selfie capture.
- **5. Vendor & Contractor Portal:** B2B vendor onboarding, CLRA labor license tracking, and statutory compliance due diligence.

What We Verify: 100% Comprehensive Employee Checks

1. Aadhaar e-KYC (UIDAI)

- **Direct UIDAI Gateway:** Instant OTP & Biometric demographic validation.
- **Zero Physical Photocopy:** Secure masked 256-bit SHA token authentication.
- **Speed:** Verified instantly in under 10 seconds.

2. PAN Tax & Identity (NSDL)

- **NSDL & ITD Verification:** Matches registered name, father's name, and DOB.
- **Tax Status Check:** Confirms active PAN and authenticates tax credentials.
- **Speed:** Verified instantly in under 5 seconds.

3. Bank Account Penny Drop

- **NPCI / IMPS Bank Check:** Transfers ₹1 to verify active candidate account.
- **Exact Name Match:** Confirms official account holder name at bank branch.
- **Zero Salary Reversals:** Prevents payroll bounce errors before joining.

4. Dual Employment & EPFO

- **EPFO Service History:** Pulls authentic UAN employment service timeline.
- **Moonlighting Detection:** Catches overlapping concurrent employment automatically.
- **Speed:** Eliminates months of manual experience letter calls.

5. Education & Degree Check

- **DigiLocker & NAD Hub:** Direct digital validation of university certificates.
- **Accredited Degrees:** Validates marksheets, roll numbers, and pass years.
- **Fraud Prevention:** Detects fake certificates from unaccredited mills.

6. AI 3D Facial Liveness

- **Biometric Anti-Spoofing:** Live webcam scan prevents photo and video playback spoofing.
- **Aadhaar Photo Match:** AI craniofacial engine compares selfie with official ID photo.
- **Match Score:** Delivers 99.4% precision match score in real time.

B2B Vendor & Contractor Due Diligence: 11 Statutory Checks

1. Corporate MCA Verification

- **MCA21 Registry:** Validates CIN, LLPIN, and incorporation certificates.
- **Active Status:** Confirms company is active, compliant, and not struck off.
- **Director DIN:** Authenticates board directors and signatory credentials.

2. GSTIN & Tax Compliance

- **GST Portal Direct Link:** Validates active GST number and state registration.
- **Filing Track Record:** Monitors regular GSTR-1 and GSTR-3B tax return filings.
- **Fraud Shield:** Prevents dealing with shell or circular-trading vendors.

3. CLRA Labor License & Safety

- **Labor Ministry Registry:** Confirms valid Contract Labour (Regulation & Abolition) license.
- **Workforce Quota:** Verifies authorized worker count and site coverage.
- **Legal Protection:** Shields principal employer from statutory contractor fines.

4. Vendor PAN & Financials

- **Income Tax Validation:** Verifies vendor entity PAN and corporate filing.
- **MSME / Udyam Check:** Confirms small business registration and classification.
- **Tax Clearance:** Ensures vendor is in good financial standing.

5. Vendor Bank Account Check

- **Penny Drop Verification:** Instant IMPS ping to verify company bank details.
- **Registered Corporate Name:** Matches bank branch records with MCA entity name.
- **Zero Payment Fraud:** Eliminates wrongful vendor payments and diverted invoices.

6. Master Vendor Compliance Dossier

- **Consolidated B2B Report:** Combines all 11 statutory audits into one master report.
- **Scannable QR & Digital Seal:** Instant mobile QR validation for client audit inspections.
- **Real-Time Status:** Live dashboard flags expired vendor licenses immediately.

How It Dramatically Reduces Your Process & Workload

1

Step 1: HR 1-Click Dispatch

HR Recruiter enters candidate name and mobile, or uploads a 500+ Excel list. The system automatically dispatches WhatsApp magic invitation links.

2

Step 2: Candidate Mobile Input

Candidate opens link on smartphone, enters 4-digit security PIN, approves consent, enters Aadhaar OTP, and snaps a 3D live camera selfie.

3

Step 3: Real-Time Statutory Audit

Joy True Profile connects to government databases (UIDAI, NSDL, EPFO, Courts) and verifies all credentials in under 45 seconds.

4

Step 4: Tamper-Proof Dossier

An official verified PDF report is generated with Certificate ID, QR validation code, and SHA-256 digital stamp ready for 1-click download.

 **Major Work Reduction Impact:** Eliminates 85% of manual HR operational tasks. Zero physical paperwork, no manual data entry, no phone calls to past employers, and instant downloadable PDF dossiers for every hire.

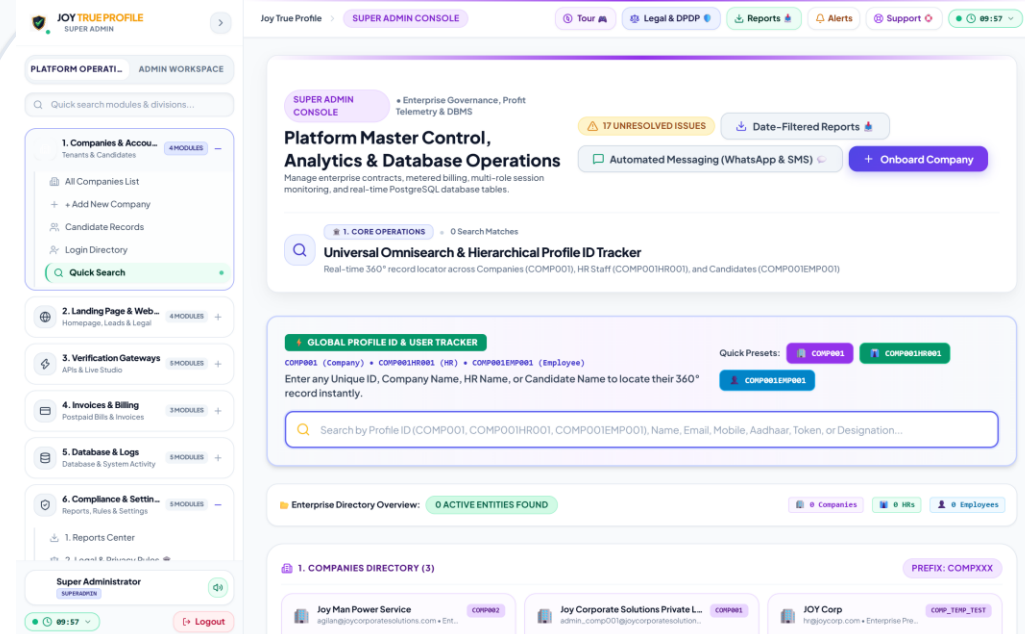

Portal 1: Super Admin Console — Master Platform Governance

👑 SUPER ADMIN CONSOLE — FEATURES & WORKFLOW

- **Multi-Company Governance:** Onboard client enterprises, configure service packages, and manage tier access.
- **Dynamic API Pricing Engine:** Set custom per-check billing rates, volume discounts, and postpaid credits.
- **Live API Telemetry & Health:** Real-time monitoring of UIDAI, NSDL, EPFO, and Court gateway latencies and uptime.
- **Postpaid Ledger & Invoicing:** Automated monthly 18% GST tax invoice generation and settlement tracking.

⚙️ Super Admin Operational Workflow:

1. Add Company → 2. Set Custom Price → 3. Monitor Live API Speed → 4. Oversee Monthly Invoices

🖥️ Live Super Admin Workstation View

Direct registry control center monitoring tenant enterprise client activations, gateway latency, and platform security.

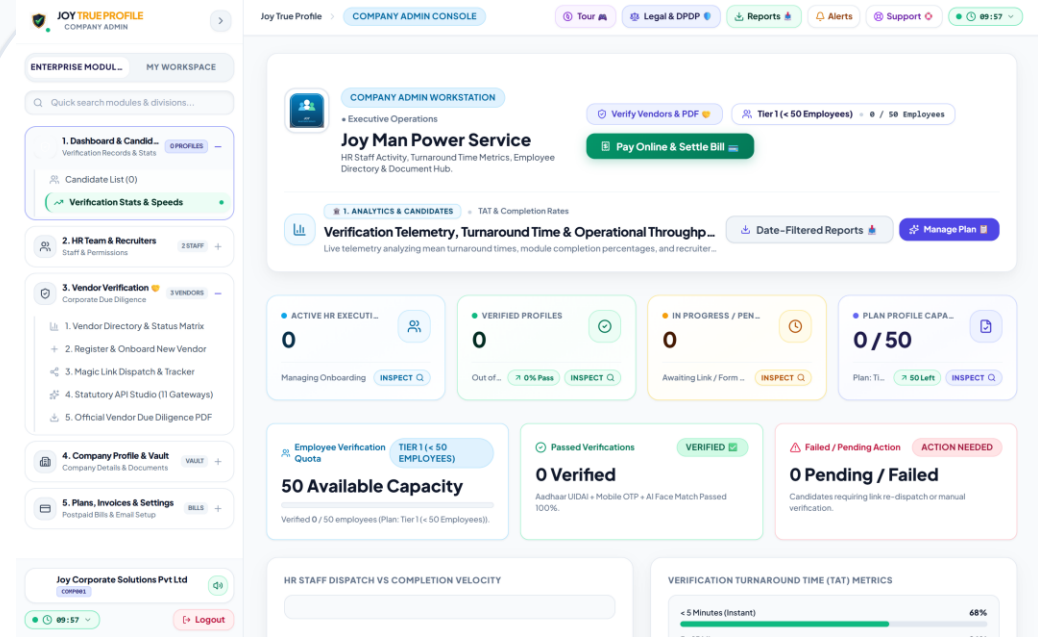

Portal 2: Company Admin Portal — Corporate Headquarters

COMPANY ADMIN PORTAL — FEATURES & WORKFLOW

- **Company Profile & Logo:** Upload corporate logo, manage office addresses, CIN, GSTIN, and company PAN.
- **HR Recruiter Provisioning:** Add and manage HR recruiters, allocate verification quotas, and configure recruiter access.
- **Postpaid Monthly Billing:** Dashboard showing verified candidates, pending balance, and monthly 18% GST tax invoices.
- **Contractor Compliance Oversight:** Monitor third-party contractor workforce registers and ensure full statutory labor compliance.

Company Admin Operational Workflow:

1. Set Company Logo → 2. Add HR Recruiters → 3. Monitor All Candidate Checks → 4. Pay Monthly 18% GST Bill

Live Company Admin Console View

Executive management hub for HR team oversight, branch control, postpaid wallet monitoring, and 1-click tax invoice settlement.

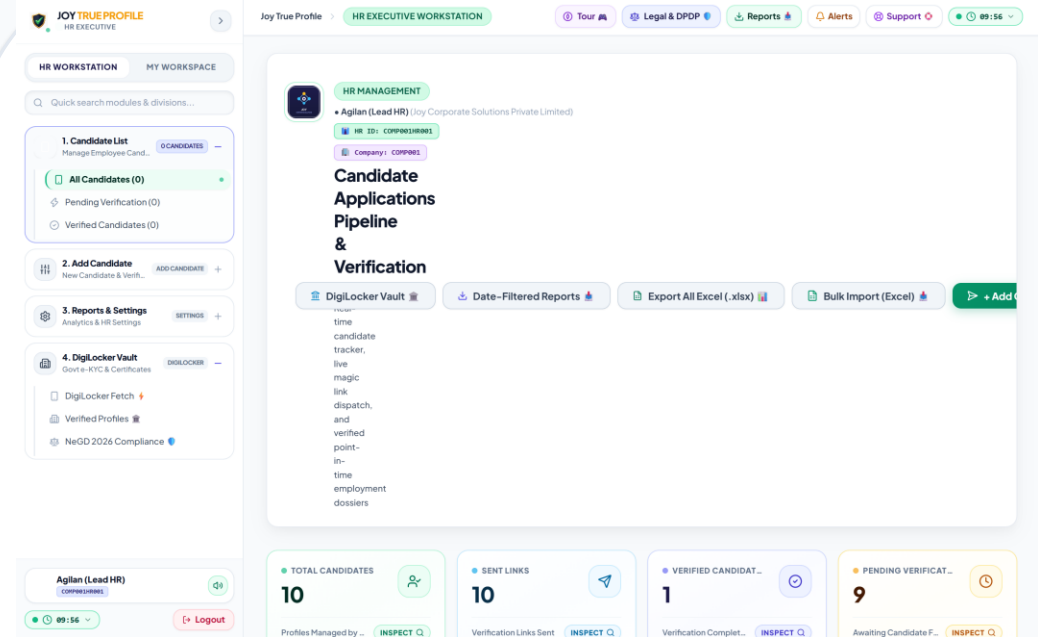

Portal 3: HR Executive Workstation — Recruiter Dashboard

HR EXECUTIVE WORKSTATION — FEATURES & WORKFLOW

- **Single & 500+ Excel Bulk Import:** Enter candidate info individually or upload a batch of 500+ candidates using an Excel sheet.
- **1-Click WhatsApp Magic Links:** Send invitation links via WhatsApp and SMS with automatically generated 4-digit security PINs.
- **Live Candidate Progress Board:** Track who has opened the link, who is filling the form, and whose checks are completed in real time.
- **AI Photo & Face Matching:** Compares candidate's live camera selfie with their official Aadhaar photo and shows match percentage.
- **1-Click Master PDF Dossier:** Download the complete verified report stamped with company logo, QR code, and Certificate ID.

HR Recruiter Daily Workflow:

1. Enter Candidate / Excel → 2. Send WhatsApp Link → 3. Watch Live Status → 4. Download PDF Dossier

Live HR Executive Workstation View

Centralized candidate pipeline tracker with real-time status telemetry, instant WhatsApp re-dispatch, and bulk PDF export.

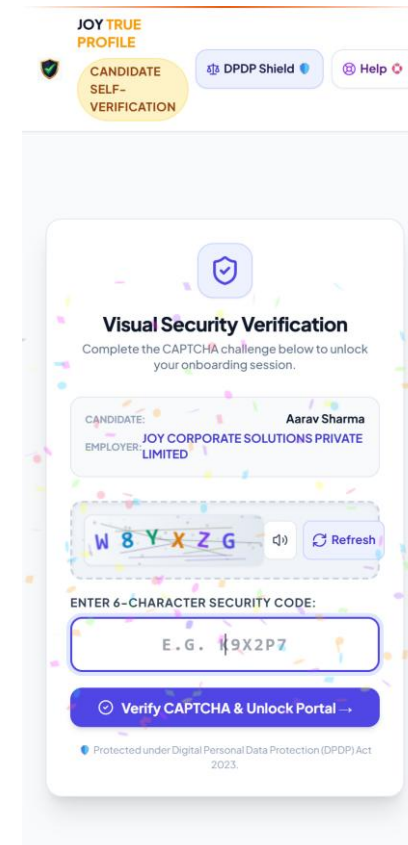

Portal 4: Candidate Portal — Frictionless Mobile Web App

CANDIDATE MOBILE PORTAL — FEATURES & WORKFLOW

- **Zero App Install Required:** Runs purely in any mobile browser (Chrome, Safari, Edge) via responsive web interface.
- **4-Digit Secure PIN Access:** Candidates unlock their verification using a personal 4-digit PIN sent via WhatsApp.
- **Sub-2-Minute Completion:** Fast 4-step wizard: Basic Details → Aadhaar OTP e-KYC → AI Selfie → Instant Submit.
- **Camera & Liveness Capture:** Guided camera captures live selfie with anti-spoofing depth checks.
- **Consent & Privacy Shield:** DPDP Act 2023 compliant consent screen explaining exact data usage.

Candidate Mobile Onboarding Flow:

1. Open WhatsApp Link → 2. Enter 4-Digit PIN → 3. Enter Aadhaar OTP → 4. Take Selfie & Submit

 Frictionless Mobile Web App: 4-Digit PIN, Aadhaar e-KYC & 3D Selfie

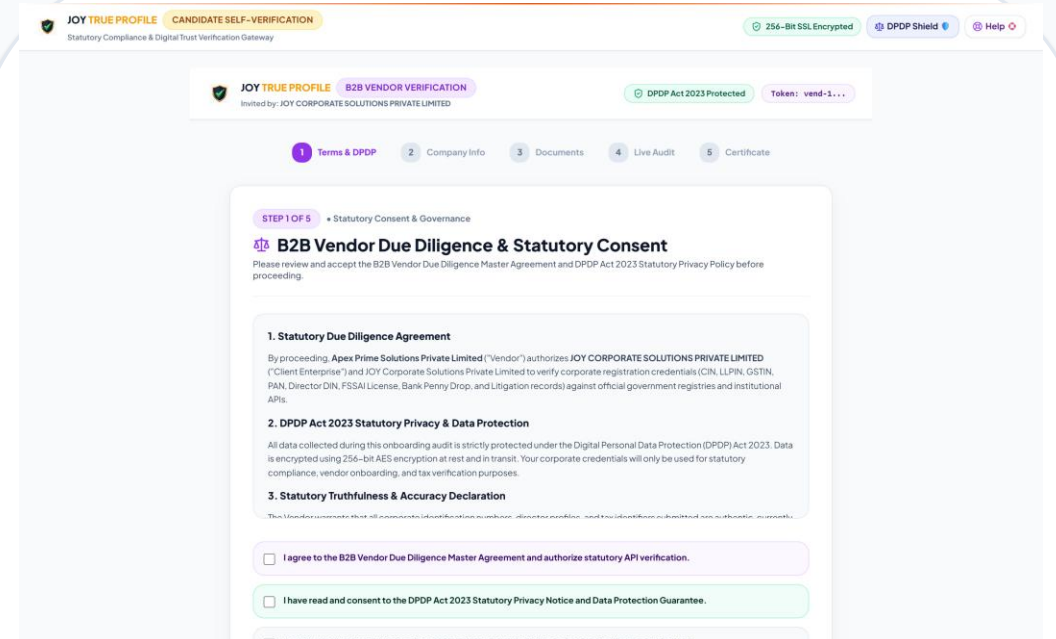

Portal 5: Vendor & Contractor Portal — CLRA Compliance

VENDOR DUE DILIGENCE — FEATURES & WORKFLOW

- **B2B Self-Onboarding Studio:** Vendors receive secure registration links to submit company registration numbers and certificates.
- **11-Point Statutory Verification:** Automated API verification of MCA CIN, LLPIN, GSTIN, Vendor PAN, MSME, and Bank account.
- **CLRA Labor License Tracking:** Validates contractor labor license numbers, validity periods, and maximum deployed worker count.
- **Contractor Risk Scoring:** System generates a risk rating for each vendor based on tax filing consistency and legal compliance.

Vendor Due Diligence Workflow:

1. Dispatch Vendor Link → 2. Vendor Submits GST/CIN → 3. 11 APIs Verify Instantly → 4. Approve Vendor

The screenshot shows a web portal for "JOY TRUE PROFILE" with a "CANDIDATE SELF-VERIFICATION" header. It includes a "Statutory Compliance & Digital Trust Verification Gateway" and a "256-Bit SSL Encrypted" status. The main content area is titled "B2B Vendor Due Diligence & Statutory Consent" and includes a "STEP 1 OF 5" indicator. The steps are: 1. Terms & DPDP, 2. Company Info, 3. Documents, 4. Live Audit, and 5. Certificate. The current step is "Statutory Consent & Governance". The main heading is "B2B Vendor Due Diligence & Statutory Consent". Below this, there is a paragraph: "Please review and accept the B2B Vendor Due Diligence Master Agreement and DPDP Act 2023 Statutory Privacy Policy before proceeding." The form contains three sections: 1. Statutory Due Diligence Agreement, 2. DPDP Act 2023 Statutory Privacy & Data Protection, and 3. Statutory Truthfulness & Accuracy Declaration. Each section has a checkbox for agreement.

Live Vendor Due Diligence Portal View

Contractor and third-party vendor onboarding console with automated statutory consent, MCA CIN, and GST filing audits.

Certified Verification Report & Unique Certificate ID

OFFICIAL VERIFICATION CERTIFICATE & ID SYSTEM

✓ **Unique Certificate ID:** Every verified candidate receives an immutable, permanent ID (e.g. #JCS-VERIF-2026-101-889) registered in the national registry.

✓ **Live Scannable QR Code:** Any recruiter, client auditor, or banking authority can scan the QR code with their mobile phone to instantly view live authenticity records.

✓ **SHA-256 Cryptographic Stamp:** Generates a unique cryptographic hash to ensure the PDF report cannot be edited, altered, or forged.

✓ **Instant Online Validation:** Eliminates slow back-and-forth emails between companies. Instant paperless verification lookup online.

Key Benefit for Employers & Clients:

100% genuine proof accepted by corporate clients, enterprise auditors, and government regulatory inspectors.

Project Safety & Fraud Prevention Architecture

1. Anti-Spoofing & Liveness

- **3D Cranial Depth Scan:** Active biometric liveness detection blocks 2D printed photos and video screen replay attacks.
- **Micro-Movement Checks:** Validates natural human blink, gaze direction, and facial micro-movements in real time.
- **Immediate Bot Detection:** Automated bots and AI deepfakes are immediately rejected by the capture engine.

2. Multi-Factor PIN Security

- **4-Digit Security PIN:** Candidate portal is locked with a unique 4-digit PIN delivered only to candidate's mobile number.
- **Single-Use Session Links:** Magic links expire automatically after 72 hours or once submitted, preventing unauthorized reuse.
- **Device Fingerprinting:** Tracks browser user-agent and IP to prevent third-party link hijacking.

3. Immutable Audit Trails

- **SHA-256 Checksum Stamp:** Every verified document is stamped with a unique cryptographic checksum that changes if edited.
- **Tamper Detection:** Any alteration to employee particulars or verification status renders the digital certificate invalid.
- **Time-Stamped Audit Logs:** All verification actions are permanently logged with ISO timestamps.

4. Rate Limiting & Shield

- **Brute-Force Protection:** Strict API rate limiting stops automated brute-force attacks and credential stuffing.
- **Bot Challenge Defense:** Protects candidate verification portals against automated spam submissions.
- **Automated Threat Alerts:** Security engine flags abnormal request spikes and suspicious geographic IP activity.

Data Security & Privacy: How We Protect & Handle Data

1. Zero-Knowledge Architecture

- **No Permanent Storage:** JOY TRUE PROFILE acts as a verification pass-through gateway.
- **Masked PII Identifiers:** Sensitive Aadhaar numbers are masked to XXXX-XXXX-1234 before report generation.
- **Ephemeral Cache:** Candidate OTP payloads are scrubbed from RAM immediately after verification.

2. Bank-Grade Encryption

- **AES-256 at Rest:** All database records, credentials, and tokens are encrypted using AES-256.
- **TLS 1.3 in Transit:** All communication between portals, candidates, and government APIs uses TLS 1.3.
- **Hardware Security Module:** Cryptographic keys are managed through isolated secure key vaults.

3. DPDP Act 2023 Compliance

- **Explicit Digital Consent:** Every candidate explicitly consents to background verification before submission.
- **Purpose Limitation:** Data is strictly used for employer verification and never shared with third parties.
- **Right to Erasure:** Fully compliant with Indian statutory Digital Personal Data Protection laws.

4. Multi-Tenant Data Isolation

- **Row-Level Security (RLS):** Each company's candidate data is strictly isolated with independent encryption scopes.
- **Role-Based Access Control:** Super Admin, Company Admin, and HR Recruiters see only authorized data.
- **Zero Data Leakage:** Guarantees no cross-tenant visibility between competing enterprise clients.

How JOY TRUE PROFILE is Different & Better

Verification Feature	Traditional Manual / Agency Method	JOY TRUE PROFILE (Automated Engine)
Verification Speed	✗ 14 to 21 business days (manual emails & calls)	✓ Sub-45 seconds via direct government APIs
Source of Truth	✗ Physical photocopies easily altered with software	✓ Direct government cryptographic registries (UIDAI, NSDL, EPFO)
Dual Job / Moonlighting	✗ Undetected — relies on self-reported candidate CV	✓ Instant automated EPFO history analysis catches overlap
Candidate Experience	✗ Heavy printing, manual forms, and paper scanning	✓ Zero-install mobile web link via WhatsApp in < 2 mins
HR Recruiter Burden	✗ 70% of HR time spent chasing documents & agencies	✓ 1-click dispatch, live tracking board, instant PDF dossier

Business Value: How It Reduces Hiring Overhead

⚡ 90% Faster Turnaround

- **Instant Clearance:** Reduces candidate verification waiting time from 14 days down to under 45 seconds.
- **Zero Candidate Drop-off:** Candidates are onboarded immediately before they explore competing offers.
- **Rapid Scaling:** Enables high-volume hiring without adding extra HR administrative staff.

💰 85% Process Cost Savings

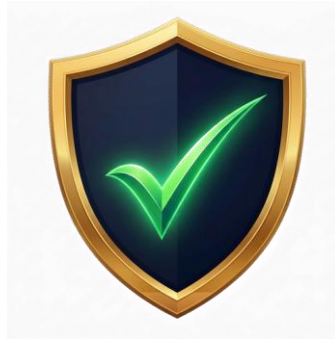

- **Direct Model:** Replaces expensive manual agencies with direct automated API verification.
- **No Physical Paperwork:** Eliminates physical scanning, printing, couriers, and storage overhead.
- **Transparent Postpaid Billing:** Pay only for verified checks with transparent monthly GST invoicing.

🛡️ 100% Audit Readiness

- **CLRA & DPDP Compliance:** Shields company from severe regulatory fines and contractor compliance penalties.
- **Court-Admissible Dossiers:** Master PDF reports equipped with QR code and cryptographic Certificate IDs.
- **Instant Auditor Access:** Client auditors can verify authenticity directly from their smartphones.

📱 Frictionless Candidate Delight

- **WhatsApp Convenience:** Candidates complete self-verification on mobile in under 2 minutes.
- **No App Downloads:** Browser-based onboarding with guided camera selfie capture.
- **Respects Privacy:** Candidate data is protected under India's DPDP Act 2023 guidelines.

Thank You!

JOY TRUE PROFILE — Building Trust Through Direct Digital Verification

“Transforming background verification with sub-45-second speed, zero paperwork, and complete data safety.”

Empowering HR teams, enterprises, and candidates across India.
