Purpose of This Project: Why We Built Joy True Profile

✗ THE OLD WAY OF CHECKING (SLOW & RISKY)

- **Takes 15 to 20 Days:** Long waiting times cause selected candidates to join competitors.
- **Fake Certificates & Papers:** Easy to fake relieving letters, salary slips, and photocopied IDs.
- **Double Job (Moonlighting) Risk:** No quick way to check if an employee is working two jobs simultaneously.
- **Ghost Contractor Billing:** Contractor agencies billing for fake workers who never worked on site.
- **Heavy Monthly Advance Fees:** Traditional agencies charge high fixed monthly retainer fees.

✓ THE JOY TRUE PROFILE SOLUTION (FAST & RELIABLE)

- ✓ **Instant Sub-45 Second Checks:** Connects directly to government and bank servers for real-time results.
- ✓ **100% Genuine Digital Proof:** Tamper-proof PDF report with a scannable QR code to confirm authenticity.
- ✓ **Automatic Double Job Alert:** Checks PF records to instantly find overlapping employment histories.
- ✓ **Labor Law Compliance (Form XVI):** Matches gate entries with PF deposits to eliminate ghost contractor billing.
- ✓ **Simple Pay-Per-Candidate Model:** No setup fees, no monthly retainers. Pay only for verified profiles.
